LATIN 1 STUDY AIDS

Pat Whittle has created and made available to all school families Latin Study Aids for Latin 1 students. Below are instructions from Pat for you to follow to utilize these study aids:

“There are Latin Study Aids available on Study Stacks for Latin 1 students. These include flashcards of vocabulary and charts for noun declensions and verb conjugations.

One chart has all of the endings for Present, Imperfect and Future Tenses for both active and passive. That chart can be found by clicking on this link: <http://www.studystack.com/studyslide-555305>.

Another Chart has adjective and adverb endings. That chart can be found by clicking on this link: <http://www.studystack.com/studyslide-532002>.

If you wish to access the other stacks, you will need to log into studystack using the following:

Link: <http://www.studystack.com/>

Username: ccs latin 1

Password: latinamamo

Once logged in, you should see a list of stacks with vocabulary for each chapter. Most of the charts are labeled CHART. Once you click on a stack, you will see a new screen and you'll need to select an activity. (NB: If you have selected a CHART rather than a vocabulary list, you will only see a large white box – you need to scroll down to see the activity symbols. For CHARTS, you need to select the TARGET activity which is symbolized by a bull's eye. For vocabulary lists you have several options: Study Stack, Study Table and Matching are the ones I use the most.)

To get to a different stack after you are finished, click on “My Stacks” in the upper right hand corner. This will only appear if you have logged in – if you use the links, you will only be able to access that specific stack and not all of the stacks.”

Contact Pat at whittlepat@aol.com if you have any further questions. Thanks, Pat!!!
