\*Omnibus leads to Advanced Placement English Language and Composition & English Literature exams; a minimum 3-year sequence of Omnibus and a second-semester A.P. preparation seminar are recommended before A.P. testing.

\*\*History of Western Civilization III may serve as a portion of the preparation for the Advanced Placement European History exam as long as students work independently through an A.P. study guide. We also recommend that students complete all three high school Western Civilization classes and participate in an A.P. preparation seminar on essay writing.
