History: After working with Dr. Bob Marshall of Premier Research Labs (Austin, TX) to get off medication for a seizure disorder (8 1/2 years on Dilantin), I began to work in his Los Angeles based clinic. I worked there as a practitioner from 2000 - 2007, being trained in Quantum Reflex Analysis by Dr. Marshall. When we moved to VA in 2007, I opened a small office in my home. Getting to the source of chronic health disorders, most issues are resolved by dealing with hidden infections and toxicities and opening eliminatory and detoxification pathways.
