

Hello CCS Civics students and parents,

I am excited to welcome you to our Civics class at CCS this year. I hope you are enjoying your summer! I will only take a moment of your time, but I wanted to pass on some class information and the summer assignment. I have attached an introductory document with the specific assignments which should be completed before classes begin in September. I don't anticipate these readings should take more than a few hours.

The document also includes class materials needed each week, the required textbook, and my contact information.

Please take a few moments to review this document with your student.

Additionally, please respond to me confirming your email address and include your student's email address if you would like the student to be included in this group text. Throughout the year, I will use this group text to communicate with you, but will limit these communications to not more than once per week.

Please contact me if you have any concerns or questions.

Again, I look forward to sharing our government and history with your students!

Always,

Nancy Juday
