American Stories & Civil War	Study Skills	Studio Art I & II	Computer Programming
Advanced Topics in US History	Speech & Debate	Italian	Math Tutoring
Advanced Creative Writing	SAT Prep Class	Mini-Greek	Yearbook
Art History I & II	College Applications Seminar	Spanish	AP English Prep Classes

*Omnibus leads to Advanced Placement English Language and Composition & English Literature exams; a minimum 3-year sequence of Omnibus and a winter A.P. preparation seminar are recommended before A.P. testing.

**History of Western Civilization III may serve as a portion of the preparation for the Advanced Placement European History exam as long as students work independently through an A.P. study guide. We also recommend that students complete all three high school western civilization classes and participate in an A.P. preparation seminar on essay writing.

***Completion of Algebra II and Geometry can serve as a foundation for the SAT MATH I test; completion of Precalculus can serve as a foundation for the SAT MATH II test. Courses labeled (A.P.) or (SAT Subject Test) may be taken as a portion of the preparation for Advanced Placement exams or SAT subject tests. Please consult course descriptions and the upper school registration packet for details concerning additional preparation needed.
