

(summer letter)

Aug. 24, 2020

Dear Parents of Spanish 1 students:

I am looking forward to a great year ahead! I hope the time off has been refreshing to your student and that he/she is ready for a new start!

Language study takes daily practice, as many of you know, and I am hopeful that every student will be able to commit to at least 20 min. of review and memory work each day, in addition to assigned work given in class.

Thank you for purchasing the text and vocabulary workbook for our use. I strongly suggest the accompanying work book for the text and am happy to assign work for that to those students interested and to correct those pages as completed in order to enhance learning!

Enjoy the rest of your summer break!

Señora LaFaver
